ABOUT FORUM

The 11th FCPAE Europe Forum is hosted by The Association of Chinese Professionals in Ireland (ACPI). The forum is the annual flagship event of the Federation of Chinese Professional Associations in Europe (FCPAE). FCPAE has held 10 successful annual European Forums in Paris, Copenhagen, Brussels, Vienna, The Hague, Frankfurt and Helsinki. These forums, growing year by year were very well recognised by thousands of participants from local governments, businesses, research institutions and also universities around the world.

There will be great opportunities to connect with several hundred delegates including entrepreneurs, government officials, academics, specialists, business professionals and business owners from China and Europe.

The year of 2019 is a special year. It is the 70th anniversary of the founding of the People's Republic of China and also the 40th anniversary of the establishment of diplomatic relations between China and Ireland. This year, the ACPI will also celebrate its 15th anniversary. We hope to use the 11th "FCPAE Europe Forum" to promote China's development policies and the unique characteristics that Europe and Ireland in particular can bring to the world.

ABOUT ACPI

Founded in December 2004, the Association of Chinese Professionals in Ireland (ACPI) is a not-for-profit organisation which was established with support from the Chinese Embassy in Ireland. The association is run by many volunteers including Chinese professionals, scholars and specialists of different disciplines in Ireland.

ACPI members are highly qualified elite residents in Ireland and work professionally in many industries such as IT, education, scientific research, management, finance, medical and media etc.

Our mission is to service the Chinese professionals in Ireland and assist them in gaining recognition, cultural integration, career advancement and civic engagement; while helping to bridge between Ireland and China in terms of cultural exchange, education and trade missions.

ABOUT FCPAE

The Federation of Chinese Professional Associations in Europe (FCPAE) was established on November 21, 2001 and is registered in Frankfurt, Germany. FCPAE consists of 62 association members from more than 13 European countries, representing over 20,000 Chinese professional members in various fields.

The aims of FCPAE are to unite the Chinese professional associations in Europe; maintain and protect the legitimate rights and interests of Chinese professionals; provide a forum for them to network and assist Chinese students who plan to return to China to work or start a business.
